Hi Jenny,

Thank you for this.

At the time of writing, Hampshire County Council as a neighbouring highway authority is satisfied that the cross-boundary transport issues which were discussed at a liaison meeting on 19 October 2023 and clarified in correspondence with West Berkshire Council officers mean that there are no longer any significant issues that need to be addressed.

Subsequently the County Council is supportive of the suggested WBC wording to be used in a response to the nominated Local Plan Examiner's questions.

Kind regards,

Sam
