Planning Inspectorate

Rugby Local Plan Examination

Hearings Programme v3

This document sets out the programme of hearing sessions for the examination of the Rugby Local Plan. Further information about the examination, hearings and submission of written statements in response to Matters, Issues and Questions have been published alongside this programme.

Only people who are seeking to change the Local Plan and have made duly made representations have a right to participate in the hearing sessions. However, anyone will be able to observe the hearings.

Any changes to the programme will be publicised in advance of the relevant session. Interested parties are advised to check the examination website for updates.

With the exception of the residential allocation sessions which are geographically based, the hearing sessions will be topic based, not necessarily by policy number. Participants should check that they have been assigned to the correct session(s). Please contact the Programme Officer if you have any queries regarding the sessions to which you have been assigned..

Please also note that the Matter 6 session scheduled for the morning of Day 5 will focus solely on the residential site selection process, methodology and evidence base. Parties assigned to other Matter 6 sessions are welcome to register for this session where their Regulation 19 representations relate to these. Attempts to introduce specific sites will not be permitted during that session. If you wish to attend this session, please notify the Programme Officer within the next 14 days.

C Dillon, J Glasin and K Ford

INSPECTORS

23 October 2026

Week 1: In person
